First as a Tragedy, Then Even as a Greater Tragedy.

It all started on May 1, 1886 in Chicago. When thousands marched for shorter work day. People were attacked by the cops, beaten, shot. To add insult to injury, some were arrested and five were tried and executed on bogus charges of throwing a bomb at the police. That's the origins of May 1 celebrations.

It continued when people in Odessa got together on May 1 and 2, of 2014, to celebrated this day, as their parents did every May 1 in Soviet Union. Only to be harassed, beaten up, chased to the Trade Union Building, where forty two of them were burned to the ground. Again on some of the bogus charges. Perpetrators, were never charged, nor were they even found.

In both cases, greedy bastards sponsored by the western capital clearly gave the order to crush, to destroy, to scare and intimidate. To sacrifice innocent lives to Baal.

They succeeded in Chicago, and then their scions, encouraged the thugs in Odessa to do the same. The line, connecting these two events and those who are ultimately responsible for it, is obvious for anyone with the eyes to see. Human greed, cruelty and sense of entitlement are as powerful as the quest for dignity and equality. Only a bit less so.

Still, greedy rich bastards in the Natoland refuse to acknowledge it, and would do their best to forget and ignore this human quest for dignity and self-worth. Needless to say greedy Soviet socialists clearly facilitated this process of ignoring human tragedy and human quest by exaggerating the celebrations and turning them into some meaningless marches with equally meaningless slogans, while ignoring the plight of their own people. But the truth is out there, And it will out. And no amount of human greed or hypocrisy will wash away the pain, the tears, the ashes and the memories.

Facts are Stubborn Things!

This is a fact, which inevitably confronts a stubborn and lying politician. So lets consider some facts.

The US is using Ukraine as a proxy war on Russia. A fact, confirmed by any observer of giant western military and financial investment into this war.

NATO is spying on Russia and provides real time intelligence of Russian military to Ukraine. A fact, confirmed by leakers.

NATO countries use an unprecedented propaganda campaign to demonize Russia and present Ukraine as a victim of unprovoked aggression. — A fact, which can be checked every day by consulting any major news outlet.

Social media does its best to silence, marginalize, and sideline any alternative voice. — This fact is confirmed by anyone who ever tried to argue against the brainnumbing propaganda to which any westerner is subjected.

So what else is there to argue about or debate, except identifying the most pernicious perpetrators of this violent stupidity. But then again, if you haven't learned of Blinkens, Nulands, Albright or Powers of this world, it might be as well. Who wants to interfere with your secure world, where Fox lies, CNN speaks the truth, corrupt dimwit in the White House is the champion of a little man, and haters and nazi collaborators are national heroes and champions of democracy.
