As reactive passions about #ukraine conflict are being passed people starts to think. More and more weighted opinions appear. For instance <https://lnkd.in/dMw64SJq> . Now I recommend you to watch the translated movie and meditate about what's happening. I'm doing this because russian mass media is banned in the most of western countries and you're unable to see whole picture. I've been taught any mentally healthy person has good motive behind its action. Do you still think russophobia is justified?
