Andrey Sviyazov • 3rd+Telecom and consumer equipment hardware, firmware and software
What I can see is repeating dirty geopolitical games again and again. Unfortunately, the result is going to be the same:
America - grand-total winner (profit and splitting EU/RU).
Russia - win another unwanted war and ruin.
Europe - sustain losses.
The most terrible for me is all the victims from both sides, regular people and children, militia, soldiers, who are pawns in this dirty game.
